The meeting convened in Conference Room B (near Public Works) in City Hall and was called to order at 7:00 P.M.

The Minutes from the October 12, 2015 meeting were reviewed. A motion and second were made for approval, passing 3 for – 1 abstain.

Regarding agenda item 2, President Vergara presented the completed questionnaire to the commission. The questionnaire was revised by the group after content and the secretary was asked to send it to EON Reality later that same week.

Regarding agenda item 3, the secretary explained that due to pressing City business and a miscommunication between him and the President, the presentation will be moved to December 1st. The commission requested that the presentation be sent to everyone.

Regarding agenda item 4, there was no update on the NeighborsGO article on EON. The commission requested that the secretary ask Haskell Gray about the class days and times for future follow-up. The secretary did, however, share an article on EON that was in the November SouthwestNOW magazine.

Regarding agenda item 5, the secretary provided an email response to the commission members from EON, regarding a question about advanced degrees, indicating that EON only provides training that 'should' be supplemented with college degree.

The meeting was adjourned by the commission at 7:45 P.M.
