## Beware of Scams during Tax Season

It's tax time...which means it's also the season for "IRS audit" scams. Be on the lookout for these so that you don't fall prey to identity theft.

**What they look like:** a taxpayer receives an email or phone call to inform them that they are (supposedly) under audit. An email may use the terms "IRS e-audit" in the subject line. The taxpayer is instructed to fill out a questionnaire which (supposedly) must be completed within 48 hours to avoid penalties and interest. The taxpayer is asked for their social security number, bank account numbers and/or other confidential information.

**What's really going on:** An email or phone call like this is NOT from the IRS. It is a scam. The IRS does not notify taxpayers about pending audits via email, nor do they conduct "e-audits." The IRS certainly does NOT ask a taxpayer for this kind of confidential, personal information. The IRS also does not call a taxpayer to threaten arrest. If you receive a phone call like this, the phone number that shows up on your caller ID will typically be a fraudulent or spoofed number. If an email is really from the IRS, it will come from an email address ending in @irs.gov.

**What to do:** Do not provide any of the information requested. Just hang up the phone, and do not reply to the email. The fraudsters are either attempting to steal your money or your identity. Notify the IRS office in your area. If you received the scam via email, the IRS office may ask you to forward them a copy of the message.

If you have any questions, please contact your local IRS office. You can also let Officer Doug Sisk with the Duncanville Police Department know about the scam at dsisk@duncanvillepd.com or (972) 780-5027.

# IDENTITY THEFT IS ON THE RISE

WHAT YOU NEED  
TO KNOW

**Officer  
Doug Sisk**  
Community Relations/  
Crime Prevention

**Identity Theft is one of the fastest growing crimes in America**

## **10 tips to prevent identity theft**

Identity thieves rob more than 500,000 Americans every year. These steps will help you reduce your risk of identity theft. If you ever are a victim of identity theft, contact any police department to start the reporting process.

### **1. Guard your Social Security number**

The most important step is to guard your Social Security number -- it is the key to your credit report and banking accounts, and is the prime target of criminals.

Do not print your Social Security number on your checks. After applying for a loan, credit card, rental or anything else that requires a credit report, request that your Social Security number on the application be truncated or completely obliterated, and your original credit report be shredded before your eyes or returned to you once a decision has been made. A lender or rental manager needs to retain only your name and credit score to justify a decision.

### **2. Monitor your credit report**

Credit reports can alert you to activity in your financial records. A monitoring service, such as *Privacy Guard*, will notify you whenever someone applies for credit in your name or checks your credit history. You then can be proactive; call the person and ask, "Why are you checking my credit?" It might be a landlord or employer; it might be legitimate.

### **3. Buy a shredder and use it**

Identity thieves may use your garbage to obtain personal information. Shred all old bank and credit statements, as well as "junk mail" credit-card offers, before trashing them. Use a cross-cut shredder -- they cost more than regular shredders but are superior.

### **4. Remove your name from marketing lists**

The three credit-reporting bureaus -- Equifax, Experian and TransUnion -- all maintain marketing lists that may contain your information. Contact the agencies to remove your name from the lists.

### **5. Watch what you carry in your wallet**

Do not keep your Social Security card in your wallet, or carry extra credit cards or other important identity documents except when needed. These documents can give thieves ready access to your accounts.

### **6. Keep duplicate records**

Place the contents of your wallet on a photocopy machine. Copy both sides of your license and credit cards so you have all the account numbers, expiration dates and phone numbers if your wallet or purse is stolen.

### **7. Mail payments from a safe location**

Do not mail bill payments and checks from home. They can be stolen from your mailbox and washed clean in chemicals. Take them to the post office.

### **8. Monitor your Social Security activity**

Order your Social Security Earnings and Benefits statement once a year to check for fraud.

### **9. Monitor your credit card activity**

Carefully examine your credit card statements for fraudulent charges before paying them. If you don't need or use department-store or bank-issued credit cards, close the accounts.

### **10. Know who you are talking to**

Never give your credit-card number or personal information over the phone unless you have initiated the call and trust that business.

If you ever have any questions about identity theft, contact Officer Doug Sisk with the Duncanville Police Department Crime Prevention/Community Relations Division at (972) 780-5027 or [dsisk@duncanvillepd.com](mailto:dsisk@duncanvillepd.com).

## Spring safety tips!

Warmer weather can motivate us to get things done around the house; spring cleaning and outdoor projects are among traditional favorites. Taking a little extra time to be safe with our loved ones and property will be well worth the effort. Here are some tips to keep in mind:

- Burning yard waste or brush is not allowed. Use a mulching mower for leaves and grass.
- Check outdoor play equipment for loose or exposed hardware and missing or broken parts.
- Ladder safety is a year-round concern. Make sure your ladder is placed on a flat, level surface and never overextend your reach or the weight capability of the ladder. Always let someone know if you go onto the roof.
- Grills and smokers may not have been used much over the winter. Check them for rodent or insect nests prior to use. Always store and use propane safely and keep grills at least 10 feet from structures during use.
- Before mowing-walk your yard and pick up items that could become a missile under the mower. Wear sturdy shoes (never sandals) while mowing.
- Fill fuel tanks on yard equipment when motors are cool and never allow small children to re-fuel or use dangerous equipment.
- Store gasoline in a safety can and in a cool place, in a shed away from the house is best-never near water heaters in garages.
- Dispose of old household chemicals properly. Dallas County Home Chemical Collection Center (located at 11234 Plano Rd., Dallas) accepts this type of waste in household amounts.
- Dispose of magazines, newspapers, cardboard etc. that may have piled up.

Spring is also a great time to check your home fire protection equipment. Use these simple techniques and tips to help keep your home safe.

- Test smoke alarms and carbon monoxide detectors regularly and change the batteries every 6 months. Smoke alarms and carbon monoxide detectors should be replaced every 10 years.
- Every occupied room upstairs should have a fire escape ladder. Make sure everyone in the house knows how to use it. In a real fire there is no time to learn how!
- Check your fire extinguisher to verify that it has not been discharged, and that it will operate when you need it. All adults in the home should know how to use it.
- Make sure all windows and doors (especially bedrooms) operate easily. Changes in humidity and temperatures can cause doors and windows to be difficult to open. Verify kids can open the window in their room.

Have a safe and enjoyable spring from the Duncanville Fire Department!

## What is a Flood?

Anywhere it rains, there is a potential for a flood. A flood is usually defined as a general and temporary condition where normally dry land or properties are inundated by water or mudflow. Many conditions can result in a flood: hurricanes, outdated or clogged drainage systems and rapid accumulation of rainfall. Just because you have not experienced a flood in the past, does not mean you will not in the future. Flood risk is not just based on historical data; it is also based on a number of other factors: rainfall, river-flow data, topography, flood-control measures, and changes resulting from building and development. Flood-hazard maps have been created to show different degrees of risk for your community, which help determine the cost of flood insurance. The lower the degree of risk of flooding, the lower the flood insurance premium will be. For more information about flooding and flood risks, visit [FloodSmart.gov](http://FloodSmart.gov). Contact your local insurance agent with questions regarding flood insurance premiums. If you have questions regarding the floodplain in our area, contact Jon Bunner, Floodplain Administrator, at (972) 780-5008 or [jbunner@ci.duncanville.tx.us](mailto:jbunner@ci.duncanville.tx.us).

# Got Construction Material?

## Garbage Pick Up Days

**MONDAY/THURSDAY – SECTION 1**  
**TUESDAY/FRIDAY – SECTION 2**

**Recycling Pick Up Days**  
**SECTION 1A – MONDAY**  
**SECTION 2B – TUESDAY**  
**SECTION 1C – THURSDAY**  
**SECTION 2D – FRIDAY**

**Remember, trash must be placed out no later than 7:00 am but cannot be placed out prior to the day of scheduled pick up.**

Continues on Page 9

**Are you remodeling your home or having some repairs made?  
Do you do know what to do with the waste material?**

The waste material from any remodeling or repairs to a home or building is considered Construction or Building Material. This material **will not** be able to be picked up by the garbage company contracted with the City of Duncanville. The homeowner or contractor making the improvements will need to find another way to dispose of the construction material. You may take the material to the city's contracted landfill for a fee.

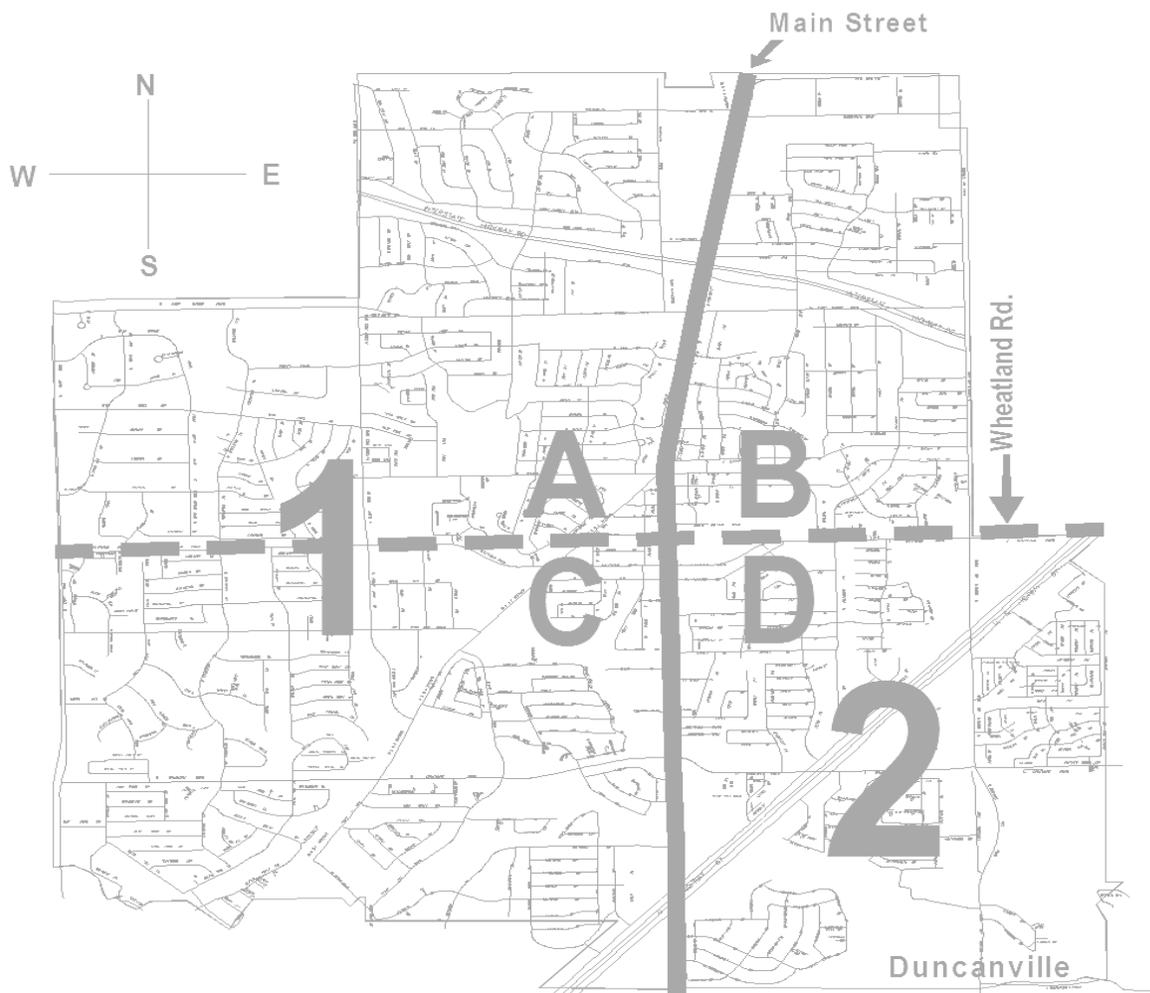

Skyline Landfill may be reached at (972) 842-5710 and is located in Ferris Texas, south on Interstate 45 to exit 268 – Malloy Bridge Road. The landfill is just south on the service road.

If the project is rather large you might want to think about renting a dumpster from Republic Services. They may be reached at (972) 225-4207.

Another option is donating the material to Habitat for Humanity. You can search for the most convenient location at [www.habitat.org](http://www.habitat.org).

If you have any other questions, comments or concerns please call the Solid Waste Coordinator, Jessica Smith at (972) 780-4946.
