The City of Duncanville is seeking qualified and experienced engineering firms that will provide engineering services to the City over the next five years. Based upon past demand and projected Capital Investment Projects (CIP) over the next five years, the City wishes to identify up to five highly qualified engineer firms to conduct studies as well as to design CIP projects. The City's five-year CIP construction program is estimated at \$52 Million. Typical project types include:

- Water Pipeline Replacement – Open Cut
- Water Tank & Pump Station Rehabilitation
- Wastewater Pipeline Replacement – Open Cut
- Wastewater Pipeline Replacement – Pipe Bursting
- Storm Water Drainage Improvements
- Flood Plain Studies
- Alley Reconstruction
- Street Reconstruction

Sealed statements, subject to the terms and conditions of this Request for Statements of Qualification for the purchase of the above referenced goods/service by the City of Duncanville will be received until deadline at which time the statements will be opened and the names of the respondents publicly read in the Council Briefing Room in City Hall East. Statements received through improper submission or after the specified time will not be accepted. The deadline for submission is **2 PM Local Time, January 17, 2018**.

Interested parties are invited to submit a "Statement of Qualifications" expressing their interest in performing the services specified in this solicitation.

The RFSQ information package with required forms is available only online at

<https://www.publicpurchase.com/gems/duncanville.tx/buyer/public/home>

and there is no fee for accessing or participating in the bidding process. This package contains forms that must be submitted or your statement of qualifications will be disqualified.

Submittal package must be sealed and marked with the solicitation name and date of opening. Submittals received by the City after this time will not be accepted. The City of Duncanville is not responsible for submittals that are not properly marked or are delivered to the incorrect address.
